

# GREASE TAG PRIVATE LABEL BRANDING

You have worked hard to build your brand and we understand this. Take one step further by labeling our mounted units with your company's logo so that the end-user comes back to you for all service and replacement parts. A custom grease tag is a small step to greater brand marketing.

Moline offers onsite design services to make your bearings stand out, look good and help your customer find their way back to you for aftermarket sales. Contact us to discuss ways in which we can help your product stand out in a crowd.
